

Merchandise Manager

POS and Inventory Software

Spartan Software, Inc.

Now Includes

Tobacco discounts interfaced with Scan Data

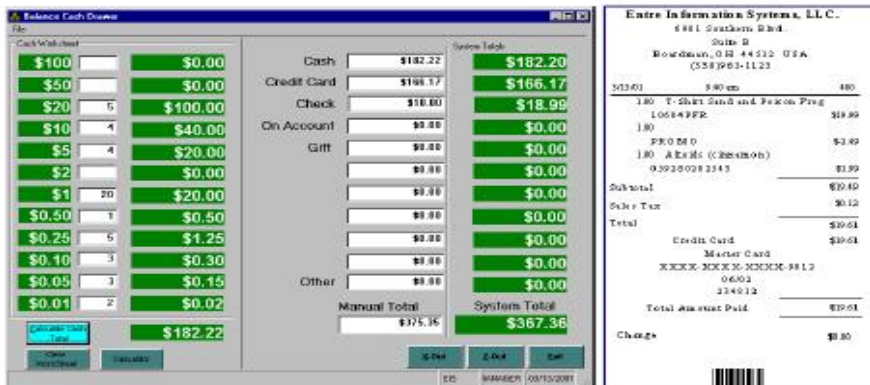

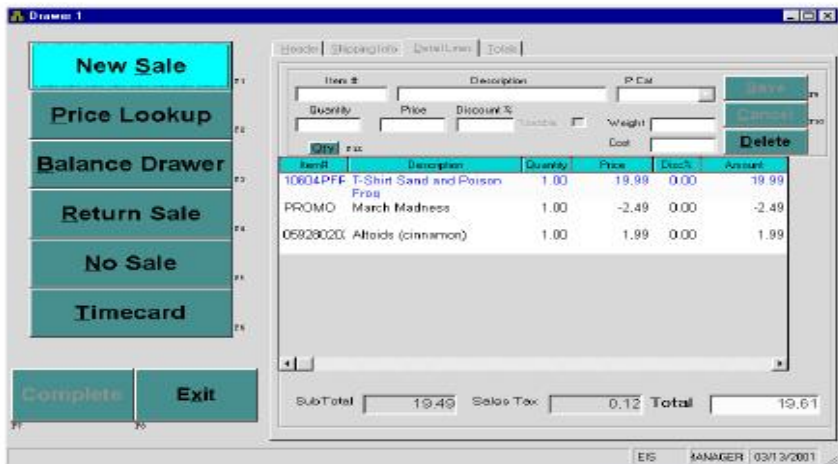

Additional loyalty discounts interfaced with Scan Data

Customer loyalty rewards program to increase foot traffic

Seamless credit card interface to accept swipe / chip / Apple Pay / Android Pay

The POS software is designed to allow each cashier to sign in to one screen and be able to handle all of their daily responsibilities from that screen. Enter sales and returns, lookup prices, balance their drawer, enter a no sale and even use the screen to clock in and out of their timecard.

POS Features

- Speedy checkout
- Scanning of UPC's PLU's or SKU's and Barcodes
- Splitting tenders (unlimited tenders, even multiple credit cards)
- Price lookups (scan the product # or enter any type of search criteria)
- Promotional Sales (Date ranges, quantity limits, quantity discounts, customer contract pricing)
- Line discounts or whole sale discounts
- Customer account tracking
- Barcoded receipts to expedite and verify a return
- X-Out and Z-Out (Blind Z-Out optional)
- Misc. Payouts and Receive on account
- Timecard clocking in and out by any employee at any computer
- Ship to addresses
- Multiple pricing levels
- Trend tracking (Customer zip codes, phone #'s etc.)
- Salesperson tracking for commissions
- Detailed history tracking of every line of every sale
- ** NEW ****
- Completely internal gift card tracking. No outside fees charged.

Spartan Software Inc.

New Scan Data / Loyalty Interfaces (included)

Mix and Match tobacco discounts

Merchandise Manager interfaces with Scan Data processors for cigarette / tobacco rebates. The processor pulls sales daily and validates them for store rebates.

This allows your store to offer discounts on tobacco that your competitors may not offer. The discounts are based on mix and matches so a combination of like products will qualify.

Loyalty Card tobacco discounts

Merchandise Manager also offers a loyalty rewards program that interfaces with Scan Data processors.

Customers are provided a loyalty card that will give them additional discounts on tobacco products. Just scan the loyalty card or lookup the customer by phone number.

New Customer Loyalty Rewards Program

INCREASE Foot Traffic with Loyalty Rewards

Allow your customers to earn free or discounted products when they frequently purchase an item. For example, purchase 9 cups of coffee and get the tenth cup free. This uses the same loyalty card as the Scan Data loyalty but is not specific to tobacco.
